

CorDax Overview – MSA Contract Number 5-03-70-72

CorDax is a leading systems integrator providing technical solutions in document management, document imaging, workflow, computer-aided-design (CAD) and geographic information systems (GIS). CorDax is focused on bringing technology to work for our customers, in doing so, building long-term and committed relationships. As a full-service organization, the company offers an array of services to meet client specific needs. These services include:

- Management Consultation
- Document Capture and Indexing
- Implementation and Integration
- Training & Documentation
- Technical Support
- Application Development

Solutions – As a leading FileNet ValueNet Partner with tremendous experience with Federal, State and local government clients throughout the Western United States, CorDax has the

capabilities and expertise to provide FileNet's industry leading solutions in imaging, document management and workflow to State of California agencies for the following product categories:

CorDax, a California corporation, has been in business since 1988. CorDax has an impressive list of FileNET customer implementations including:

California Department of Water Resources
California Division of the State Architect
Caltrans, District 7 – Los Angeles
City of Glendale, CA
City of Los Angeles, Department of Water & Power

Arizona Department of Transportation
Chelan County Public Utility District, WA
Coachella Valley Water District, CA
Pulte Homes
U.S. Bureau of Reclamation, UT
U.S. Marine Corps, Camp Pendleton, CA

Technical Expertise – CorDax is well suited to provide the technical resources and services for document management, imaging and workflow projects. CorDax brings a depth and breadth of domain expertise in FileNET solutions and the implementation of document management, document imaging, records management, electronic forms and workflow. CorDax is certified by FileNet as an “Implementation Authorized Partner.”

Deployment – CorDax understands the importance of not only providing the right software solution mix, but the mandatory requirement of having an experienced, seasoned implementation organization to ensure a successful project. CorDax team members are intimately familiar with both electronic document management and records management design and implementation issues. These issues are not always similar and only an organization that understands both can truly be deemed competent to guarantee success. For these reasons CorDax believes that we are well suited to guarantee that California State agencies will have a cost effective, feature-rich solution that meets the needs of all State agency stakeholders.
